

PRODUCT GUIDE

NO.1 UK BRAND MULTI-PURPOSE LUBRICANT*

LUBRICATES

PROTECTS

LOOSENS RUST

REMOVES

DISPLACES MOISTURE

*BASED ON 52WK GFK TECHNICAL LUBRICANTS & CONTACT SPRAYS APRIL 2026.
(LIMITED TO MASS MERCHANTISERS AND CAR ACCESSORIES SPECIALIST SECTORS ONLY)

ORIGINAL

FLEXIBLE

-  Flexible straw
-  Long reach
-  360 valve
-  Wide spray
-  Narrow spray

SMART STRAW

-  Smart straw
-  360 valve
-  Wide spray
-  Narrow spray

SPECIALIST PRODUCTS

SPECIALIST

WD-40 Specialist is a range of nine greases, cleaners and lubricating products for professionals and for industrial use.

360°
SPRAY

BIO LUBRICANT MULTI-USE

Lubricates, penetrates, protects, and displaces moisture with an 85% bio-based formula, the first product in its category to achieve EU Ecolabel certification.

- Lubricates and protects against corrosion & wear
- Works with metal, glass, and most plastics and rubbers
- Doesn't contain solvents that cause dizziness or drowsiness, so ideal for use in greenhouses, sheds and indoor jobs
- Nitrogen propellant for reduced carbon footprint

PRESSURE-RESISTANT LUBRICATION

REDUCES FRICTION & WEAR

PROTECTS AGAINST CORROSION

Recommended for: Bike Chains, Hedge Trimmers, Shears, Lawnmower Blades, Hinges, Hand Tools, Power Tools, Home Maintenance

PENETRANT

CONTACT CLEANER

DEGREASER

WHITE LITHIUM GREASE

SPRAY GREASE

CUTTING OIL

SILICONE

DRY LUBRICANT

	PENETRANT	CONTACT CLEANER	DEGREASER	WHITE LITHIUM GREASE	SPRAY GREASE	CUTTING OIL	SILICONE	DRY LUBRICANT
BEST FOR	Penetrating rusted and corroded metal, loosening seized parts	Cleaning oil, dirt and dust from electrical components	Quickly removing grease, grime, oil and dirt from metals	Water and heat resistant lubrication on metal-to-metal	Long-lasting lubrication and corrosion protection with non-drip formula	Improving machine finishes on cutting and drilling equipment	Preventing parts from sticking and protecting against moisture	Enhanced lubrication to protect against corrosion and wear & tear
STAND-OUT QUALITY	Very low surface tension to penetrate rust, corrosion protection 30% at 72 hours	Non-conductive cleaner, dielectric strength 33.8 kV	Works immediately on contact, easy to rinse and leaves no residue	Corrosion protection 0-5% at 72 hours , extreme pressure lubrication 1151lb	WD-40 MUP provides base of formula, 4-ball wear test for oil 0.5mm , corrosion protection 0% at 72 hours	Contains extreme pressure and anti-wear additives, 4-ball wear test 0.59mm	Excellent lubrication for high pressure performance in all temperatures	Leaves a dry, clear film that won't attract dirt, dust or oil
TEMPERATURE RANGE	-20°C to +90°C	Use at room temperature	Use at room temperature	-25°C to +130°C	Grease -20°C to +115°C , to +260°C as liquid	-20°C to +160°C	-35°C to +200°C	-45°C to +90°C

USE ON	
ELECTRICAL CONTACTS	
METAL	      
STAINLESS STEEL	      
TITANIUM	     
RUBBER	 Incidental contact 
WOOD	 
GLASS	
PLASTIC	 Incidental contact   
PVC	   

*K1 - For use in non-processing areas **K2 - Electronic instrument cleaners ***H2 - Lubricants, no food contact  Wide spray  Narrow spray  360° spray

PENETRANT

Powerful, fast acting release agent that works on contact to loosen rusted, corroded, stuck, or seized nuts, bolts, parts or fixings with ease.

- Quickly saturates deep into seams, crevices, and threads to break down any rust that bonds parts together, rapidly lubricating and freeing them
- Provides a protective, water resistant film to prevent any further rust or corrosion
- Releases corroded, stuck or seized nuts, fixings, bolts and parts
- Low surface tension formula

LOW SURFACE TENSION

LOOSENS SEIZED FIXINGS

PENETRATES QUICKLY

Recommended for: Seized Nuts, Bolts & Fixings, Locks, Chains, Hinges, Pulleys

CONTACT CLEANER

Rapidly drives out dirt, dust, oil, flux residue and moisture from sensitive electrical equipment and parts with ease to keep equipment on top form.

- Fast drying, non-conductive spray that penetrates into the tightest of spaces
- Removes common surface contaminants that could cause current leakage, corrosion or component failure, leaving no residue behind
- Improves performance and reliability of electronic equipment
- Effectively removes moisture and condensation for better electrical contact
- Applicator straw and clever 360° valve allow precise working, even upside down

CLEANS

NO RESIDUE

NON- CONDUCTIVE

Recommended for: Circuit Boards, Electrical Components, Switches, Spark Plugs

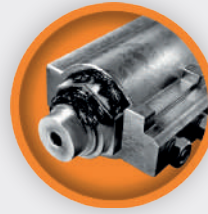

To prevent any accidental damage always check the manufacturer's instructions before applying product to device

WIDE
SPRAY

NARROW
SPRAY

DEGREASER

Solvent-based spray degreaser that quickly removes stubborn soiling such as oil, grease, dirt and grime without leaving any residue. Simply spray on the clear formula before wiping or rinsing away for a clean finish. For heavy soiling leave for a few seconds to penetrate through the dirt before wiping clean.

- Degreases oil, grease, dirt and grime
- Works immediately on contact for unbeatable speed
- Wipes off easily
- Evaporates quickly, leaving no residue
- Reduces wear and tear on components

FAST ACTING

CLEANS

NO RESIDUE

Recommended for: Engines, Power Tools, Industrial Machinery, Gear Mechanisms

WHITE LITHIUM GREASE

Provides great protection for heavy-duty, metal-to-metal applications. It can be used outdoors regardless of weather and temperature.

- Provides great long-term lubrication
- Won't drip or run thanks to high viscosity formula
- Works well under extreme pressure
- Reduces friction and wear
- Lubricates metal to metal applications
- Water and heat resistant, great for outdoor use

LUBRICATES

WATER RESISTANT

HEAT RESISTANT

WIDE
SPRAY

NARROW
SPRAY

360°
SPRAY

Recommended for: Bearings, Winches, Conveyors, Latches, Tracks & Runners

SPRAY GREASE

Provides long-lasting lubrication and corrosion protection for all metal surfaces. WD-40 Multi-Use Product provides the base for this lubricant, and the non-drip formula has excellent adhesion and sealing properties.

- Long lasting non-drip formula stays where it's applied
- Can be applied on vertical surfaces
- Strong adhesion and sealing properties
- Safe to use on all metal surfaces, with virtually limitless applications
- Wide temperature range; use as a grease up to +115°C and as a liquid to +260°C

LUBRICATES

EXCELLENT ADHESION

WATER RESISTANT

Recommended for: Gear Mechanisms, Chains, Locks, Screws, Pipes, Taps

CUTTING OIL

Designed to improve the performance and extend the life of your cutting and drilling equipment. Suitable for most metals including stainless steel, not for use on titanium.

- Specially formulated to maximise the life of cutting and drilling equipment
- Lubricates to reduce tip welding
- Works under extreme pressure
- Improves machine finishes
- Prevents pitting and metal seizures
- Improves performance and extends the life of tools

PROTECTS

LUBRICATES

WON'T ATTRACT
DIRT

Recommended for: Hand Cutting Machinery, Power Cutting Equipment, Power Drills

WIDE
SPRAY

NARROW
SPRAY

SILICONE

Provides excellent protection and lubrication, while prolonging the life of elements such as seals & washers.

- Improves the movement of components while reducing friction and wear and tear on parts
- Provides excellent waterproofing and lubrication to prevent parts from cracking and ageing
- Creates water resistant seal to protect against moisture
- Works on many different materials such as metal, rubber, plastic and wood

LUBRICATES

PROTECTS
AGAINST MOISTURE

PREVENTS STICKING

Recommended for: Belts, Conveyors, Door Runners, Door Seals

DRY LUBRICANT

Excellent lubricant that provides protection against corrosion and wear & tear. The dry formula makes it ideal for enclosed areas that need lubricating such as locks.

- Water-resistant formula that protects against corrosion
- Provides enhanced lubrication to reduce wear & tear
- Leaves a dry, clear film that won't attract dirt, dust or oil
- Works on many different materials such as metal, plastic and glass

LUBRICATES

WATER RESISTANT

CLEANS DIRT AND MUD

Recommended for: Locks, Latches, Pliers, Window Tracks, Conveyor Belts, Metal Extrusions

TOP SKUs BY SECTOR

AGRICULTURE

WHITE LITHIUM GREASE

Lubricate and protect moving parts on farm machinery

CONTACT CLEANER

Clean electrical connectors and terminals on equipment

PENETRANT

Loosen rusted and seized parts on tractors and implements

DEGREASER

Remove grease, oil and dirt from machinery, tools, and work areas

AUTOMOTIVE

PENETRANT

Remove rust from engine parts and unseize stuck hinges

SILICONE

Lubricate door and window seals and protect interior trim

CONTACT CLEANER

Remove flux residue from battery terminals and sensors

WHITE LITHIUM GREASE

Lubricate seat rails, door hinges, and bonnet latches

CONSTRUCTION

SILICONE

Protect hand tools and lubricate rubber fixings

WHITE LITHIUM GREASE

Protect scaffolding from rust and corrosion

PENETRANT

Remove rust from stiff and stuck parts

CUTTING OIL

Prolong life of power tools, saws, and drills

DIY

SILICONE

Smooth movement on shower doors and window latches

WHITE LITHIUM GREASE

Reduce friction and stiffness on garage rollers and hinges

PENETRANT

Free rusted hand tools and seized nuts and bolts

CONTACT CLEANER

Drive out moisture from switches and plug fuses

TOP SKUs BY SECTOR

ELECTRICAL

CONTACT CLEANER

Remove condensation and contaminants from circuit boards and switches

SILICONE

Reduce friction when pulling wires and cables

WHITE LITHIUM GREASE

Weatherproof external systems and lubricate hinges

PENETRANT

Break down corrosion on old wiring and connectors

INDUSTRY

CONTACT CLEANER

Drive out flux residue and condensation from circuit boards and connectors

DEGREASER

Remove grease and grime from equipment and surfaces

WHITE LITHIUM GREASE

Lubricate mechanical parts, bearings and moving assemblies

PENETRANT

Loosen corroded fasteners and free seized components

PLUMBING

SILICONE

Lubricate O rings and rubber seals for assembly

PENETRANT

Unseize stuck pipes and remove rust from leaked-on areas

WHITE LITHIUM GREASE

Weatherproof external plumbing and protect high-pressure systems from overheating

DRY LUBRICANT

Lubricate slide rails, locks, and other enclosed areas
